Dancing Water Speaker

A speaker like no other...the Conceptronic Dancing Water Speaker connects to a computer, laptop or MP3 player via 3.5mm mini plug cable and USB, providing great sound quality for indoor entertainment. As well as top sound however, the Dancing Water Speaker features six multi-coloured LED lights and liquid that pulsates in time to the rhythm of your tunes. The Dancing Water Speaker enhances the listening experience further, with speaker volume controls, an LED light on/off switch and Watershow controls as well. Simply the coolest, most fun set of speakers that money can buy, but still the great quality you can expect from Conceptronic.
